

Dr. Devasena

Principal Investigator, "Transport of dissolved Methane Plumes in Groundwater: Experimental and Numerical Investigations" India - Iran Bilateral Scientific and Technological Corporation, India - Iran Joint Research Projects 2020, DST, Rs 10 lakhs

Co Investigator, ""Sanitation in the Circular Economy - an integrative-modular-onsite toilet treatment for recovery of NPK fertilizer, carbon and water" SERB (IMPRINT-2), 2020 -2022, Rs 69 lakhs

Co Investigator, “ Sanitation Project ”, SPARC, MHRD along with IITM and UC davis

Principal Investigator, “Enhanced *in situ* Desorption and Degradation of 2,4,6 Trinitrotoluene (TNT) in the subsurface” SERB DST, YOUNG SCIENTIST, Rs 20.71 lakhs.

Principal Investigator, "Performance of Bio engineered wetlands in treating textile industry wastewater"
