

Name : Dr. Brindha Therese

Designation : Professor and Deputy Director

College : Vellore Institute of Technology

1. Detection of cancer in lung with k-nn classification using genetic algorithm P Bhuvaneswari, AB Therese Procedia Materials Science 10, 433-440, 2015
2. Four wave mixing nonlinearity effect in WDM radio over fiber system S Jain, TA Brintha Int. J. Sci. Eng. Technol 4 (3), 154-158 19, 2015
3. Four wave mixing nonlinearity effect in WDM radio over fiber system S Jain, TA Brintha Int. J. Sci. Eng. Technol 4 (3), 154-158 19, 2015
4. Sharpening enhancement technique for MR images to enhance the segmentation ABT S Jeevakala Biomedical Signal Processing and Control 41, 21-30, 2018
5. A novel segmentation of cochlear nerve using region growing algorithm RR S. Jeevakala, A. Brintha Therese Biomedical Signal Processing and Control 39 (C), 117-129, 2017
6. User prioritized constraint free dynamic bandwidth allocation algorithm for EPON networks N Subhashini, AB Therese Indian J. Sci. Technol 8 (33), 1-7, 2015
7. Non Local Means Filter Based Rician Noise Removal of MR Images ABT S Jeevakala International Journal of Pure and applied mathematics, 109 (5), 133-139, 2016
8. Analysis of atmospheric effects on free space optical communication EM Reddy, AB Therese 2017 International Conference on Nextgen Electronic Technologies: Silicon to , 2017
9. Reduction of four wave mixing nonlinearity effect in WDM Radio over fiber systems S Jain, AB Therese Indian J Sci Tech, 2015
10. Design and performance evaluation of hybrid WDM/TDM passive optical networks using star topology S Jain, AB Therese, 2015
11. A novel, location averaging, linear equation and exponential function techniques for face recognition in human identification system A Parivazhagan, A Brintha Therese Int J Appl Eng Res (IJAER) 10 (87), 21-26, 2015
12. Review on dynamic bandwidth allocation of GPON and EPON T Thangappan, B Therese, S Adi, SS Gadda Journal of Electronic Science and Technology, 100044, 2020
13. Hybrid algorithm for twin image removal in optical scanning holography P Bhuvaneswari, AB Therese International Journal of Computer Aided Engineering and Technology 12 (1), 33-54, 2020
14. Selection of suitable segmentation technique based on image quality metrics SJ Jemila, AB Therese The Imaging Science Journal 67 (8), 475-480, 2019

15. Face detection cum recognition system using novel techniques for human authentication  
A Parivazhagan, AB Therese International Journal of Biometrics 10 (4), 315-333, 2015
