

Dr.N.Narmadhai
Professor (CAS)
Department of EEE
Government College of Technology

Title	Year
Optimal Coordination of Overcurrent Relay in IEEE 39 Bus System SKN Narmadhai International Journal for Scientific Research & Development 7 (03), 1329-1337	2019
ANALYSIS OF PWM BASED LOW FREQUENCY CURRENT OSCILLATION REDUCTION FOR SIX STEP OPERATION OF THREE PHASE INVERTER MS Nishanthini, N Narmadhai International Journal of Innovation in Engineering Research and Management ...	2018
Experimental Analysis of Liquid Insulating Medium for High Voltage Transformers M Vanitha, N Narmadhai, M Karthik Asian Journal of Research in Social Sciences and Humanities 6 (10), 804-814	2016
Comparative Study of Conventional and Optimization Methods for Maximum Power Tracking in Photovoltaic Applications N Narmadhai, M Vanitha, M Karthik Asian Journal of Research in Social Sciences and Humanities 6 (9), 642-659	2016
Investigation of Critical Characteristics of Mineral Oil with Activated Carbon M Vanitha, N Narmadhai, M Karthik Circuits and Systems 7 (09), 2521	2016
Efficient Power Processing Topology for Solar Module Using Power Plane Analysis RS N.Narmadhai International Journal of Applied Engineering Research 10 (76), 322-328	2015
Power plane analysis of photovoltaic module for maximum power point tracking KM N.Narmadhai International Journal of Applied Engineering Research 10 (76), 231-236	2015
Analysis of Three Port Isolated and Non-Isolated Dc-Dc Converter for PV-Battery Power Supply Application KG N.Narmadhai International Journal of Applied Engineering Research 10 (88), 184-189	2015

Soft-Switching Snubberless Current Fed Front-End Bidirectional Converter for Photovoltaic Systems KS N.Narmadhai International Journal of Applied Engineering Research 10 (88), 179-183	2015
