Phase change heat Transfer Nanofluids Fluid Dynamics

TITLE	CITED BY	YEAR
Experimental investigation on enhancement in thermal characteristics of sintered wick heat pipe using CuO nanofluids G Kumaresan, S Venkatachalapathy, LG Asirvatham International Journal of Heat and Mass Transfer 72, 507-516	72	2014
Comparative study on heat transfer characteristics of sintered and mesh wick heat pipes using CuO nanofluids G Kumaresan, S Venkatachalapathy, LG Asirvatham, S Wongwises International Communications in Heat and Mass Transfer 57, 208-215	58	2014
Performance analysis of cylindrical heat pipe using nanofluids—an experimental study G Kumaresan, S Venkatachalapathy, S Suresh International Journal of Multiphase Flow 72, 188-197	56*	2015
A review on heat transfer enhancement studies of heat pipes using nanofluids G Kumaresan, S Venkatachalapathy Frontiers in Heat Pipes (FHP) 3 (4)	26	2013
A study on heat transfer characteristics of inclined copper sintered wick heat pipe using surfactant free CuO and Al₂O₃ nanofluids RK G. Kumaresan, M. Vijayakumar P. Navaneethakrishnan, G. Kumaresan journal of the Taiwan Institute of Chemical Engineers	18	2017
Thermal characteristics studies on sintered wick heat pipe using CuO and Al₂O₃ nanofluids M Vijayakumar, P Navaneethakrishnan, G Kumaresan Experimental Thermal and Fluid Science 79, 25-35	18	2016
Experimental study on effect of wick structures on thermal performance enhancement of cylindrical heat pipes G Kumaresan, P Vijayakumar, M Ravikumar, R Kamatchi, P Selvakumar Journal of Thermal Analysis and Calorimetry 136 (1), 389-400	16	2019

TITLE	CITED BY	YEAR
Investigations on pool boiling critical heat flux, transient characteristics and bonding strength of heater wire with aqua based reduced graphene oxide nanofluids GK R.Kamatchi Chinese Journal of Chemical Engineering	15	2017
Heat Transfer Studies on Condensation Using Heat Pipes P Singh, S Venkatachalapathy, G Kumaresan Applied Mechanics and Materials 592, 1617-1621	7	2014
An experimental study on improvement in thermal Efficiency of mesh wick heat pipe G Kumaresan, S Venkatachalapathy, IC Naik Applied Mechanics and Materials 592, 1423-1427	6	2014
Simulation and validation of supersonic flow through a convergent-divergent nozzle AK Reji, G Kumaresan, AS Menon, J Parappadi, AP Harikrishna, ... International Journal of Pure and Applied Mathematics 119 (12), 2135-2142	2	2018
Performance analysis of modified solar still integrated with flat plate collector RS Subramanian, G Kumaresan, R Ajith, U Sabarivasan, ... Materials Today: Proceedings	1	2020
A review on applications of nanofluid in evacuated tube heat pipe integrated with compound parabolic concentrator P Vijayakumar, G Kumaresan, SG Kumar, M Eswaran Materials Today: Proceedings	1	2020
Role of method of synthesis on the size of flakes, dispersion stability and thermophysical properties of aqua based reduced graphene oxide nanofluids K Dhanapal, M Raman, R Kamatchi, G Kumaresan Journal of Thermal Analysis and Calorimetry, 1-11	1	2020
Performance evaluation of compound parabolic concentrator with evacuated tube heat pipe P Vijayakumar, G Kumaresan, UM Faizal, GRV Chandran, KSV Adharsh IOP Conference Series: Earth and Environmental Science 312 (1), 012008	1	2019
Experimental analysis of a four slope solar still augmented with a parabolic reflector array with V-shaped mirror arrangement for pre-heating brackish water		2020

TITLE	CITED BY	YEAR
AK Reji, G Kumaresan, A Mukundhan, AS Menon, AP Harikrishna, ... Materials Today: Proceedings		
“Performance analysis of modified solar still integrated with flat plate collector” GK R. Sivasubramanian		2020
Experimental study of moisture removal rate in Moringa leaves under vacuum pressure in closed-loop heat pump dryer SR Ashokumar. M, G.Kumaresan		2020
Development of Solar Oven employed with Parabolic Concentrator P Vijayakumar, G Kumaresan, S Sudhagar, GRV Chandran, KSV Adharsh IOP Conference Series: Earth and Environmental Science 312 (1), 012009		2019
Performance and Emission Characteristics Analysis of DI-Diesel Engine Fuelled with CalophyllumInophyllum Methyl Ester Diesel Blended CS N. Bhuvanesh, G. Kumaresan International Journal of Mechanical and Production Engineering Research		2019
