

Dr.K.SHANMUGA SUNDARAM

Professor, Department of Mechanical Engineering, Engineering Design Division,
Anna University, chennai 25.

| TITLE | CITED BY | YEAR |
|--|----------|------|
| First principle study on hybrid organic-inorganic perovskite ASnBr_3 (A= Formamidinium, Dimethylammonium and Azetidinium) DB Raja, KS Sundaram, R Vidya Solar Energy 207, 1348-1355 | | 2020 |
| Performance investigation of variant polymer graphite electrodes used in electrochemical micromachining of ASTM A240 grade 304 N Pradeep, KS Sundaram, M Pradeep Kumar Materials and Manufacturing Processes 35 (1), 72-85 | 4 | 2020 |
| Multi-response optimization of electrochemical micromachining parameters for SS304 using polymer graphite electrode with NaNO_3 electrolyte based on TOPSIS ... N Pradeep, KS Sundaram, MP Kumar Journal of the Brazilian Society of Mechanical Sciences and Engineering 41 ... | 5 | 2019 |
| A comparative study on surface strengthening characterisation and residual stresses of dental alloys using laser shock peening K Gurusami, K Shanmuga Sundaram, D Chandramohan, S Dinesh Kumar, ... International Journal of Ambient Energy, 1-6 | 18 | 2019 |
| Analysis of structure property relationship of super duplex stainless steel AISI 2507 weldments for severe corrosive environments V Paranthaman, KS Sundaram, AV Jebaraj Materials Research Express 5 (9), 096527 | 1 | 2018 |
| Evaluation of Mechanical Properties of Al (2014)-Nickel Coated SiC Composites Subjected to Equal Channel Angular Pressing M Jaivignesh, AS Babu, S Dhanalakshmi, KS Sundaram Journal of Advanced Microscopy Research 13 (2), 282-292 | | 2018 |
| Assessment of Dissimilar Weld Between Duplex Stainless Steel Grades for Severe Corrosive Applications V Paranthaman, K Shanmuga Sundaram ASME International Mechanical Engineering Congress and Exposition 58356 ... | | 2017 |
| Finite element analysis and experimental study on the effect of extrusion ratio during hot extrusion process of aluminium matrix composites | 3 | 2017 |

Dr.K.SHANMUGA SUNDARAM

Professor, Department of Mechanical Engineering, Engineering Design Division,
Anna University, chennai 25.

| | | |
|--|---|------|
| D Sathishkumar, P Sivakumar, KS Sundaram, S Anand Defence Science Journal 67 (4), 428 | | |
| The Influence of Laser Irradiation Parameters on Tribological Behaviour of Commercially Pure Titanium for Dental Prostheses K Shanmuga Sundaram, G Kiliyappan, S Kumaran Selvadurai ASME International Mechanical Engineering Congress and Exposition 50688 ... | | 2016 |
| Shanmugasundaram: study mechanical behavior of natural based composite using coir and aloe vera S Yamini Int J Emerging Technol Comput Sci Electron 13, 976-1353 | 3 | 2015 |
| Influence of Nd: YAG Laser Parameters on Tensile Behaviour, Microhardness and Surface Roughness of Ni-Cr Alloy for Dental Prostheses K Gurusami, K Shanmuga Sundaram, R Vijay Applied Mechanics and Materials 766, 539-545 | | 2015 |
| Microstructural and Mechanical behaviour of Aluminium Matrix Composites reinforced with coated SiC particles fabricated by Stir Casting S Dhanalakshmi, M Jaivignesh, A Suresh Babu, K Shanmuga Sundaram Applied Mechanics and Materials 766, 301-307 | | 2015 |
| Influence of Nd: YAG laser shock peening process parameters on tribomechanical behaviour of dental cast alloys K Gurusami, KS Sundaram, NS Azhagarasan, R Vijay Journal of the Balkan Tribological Association 21 (4), 866-880 | 4 | 2015 |
