

1. Study on performance of photovoltaic system with and without cooling, 2019
2. Study of Erosion corrosion behavior of Magnesium and its alloys, 2018
3. Oxidation behavior of austenitic steels 304 and 309 alloys at high temperatures with Al_2O_3 and Cr_2O_3 coating, 2018
4. Comparison study of solar flat plate collector with single and double glazing systems, 2017
5. Improvement of efficiency on PV/T collector using Nanofluids 2017
6. Experimental Investigation of Solar Flat Plate collector with Double glazing system, 2016
