

Dr. A. Tamil Selvi

Senior Principal Scientist

Unit for Science Dissemination

CSIR-Central Leather Research Institute, Chennai

tamilselvi@clri.res.in,

91 44 24437217

- 2020 Vernodalin induces apoptosis through the activation of ROS/JNK pathway in human colon cancer cells. *Journal of Biochemical and Molecular Toxicology*. 10.1002/jbt.22587.
- 2020 A fundamental insight on developing biological value product from plant wastes. *Journal of Cleaner Production*. 123043. 10.1016/j.jclepro.2020.123043.
- 2020 Efficacy of Biopolymeric PVA-AuNPs and PCL-Curcumin Loaded Electrospun Nanofibers Anticancer activity against A431 Skin Cancer Cell Line. *Materials Today Communications*. 25. 101276. 10.1016/j.mtcomm.2020.101276.
- 2020 *Arthrospira platensis* transglutaminase derived antioxidant peptide-packed electrospun chitosan/ poly (vinyl alcohol) nanofibrous mat accelerates wound healing, in vitro, via inducing mouse embryonic fibroblast proliferation. *Colloids and Surfaces B: Biointerfaces*. 193. 111124. 10.1016/j.colsurfb.2020.111124.
- 2020 Assessment of in-vivo biocompatibility evaluation of phytogenic gold nanoparticles on Wistar albino male rats. *IET Nanobiotechnology*. 14. 10.1049/iet-nbt.2019.0116.
- 2020 In vitro Cytotoxicity and Antibacterial Activity of Optimized Silver Nanoparticles Against Wound Infectious Bacteria and Their Morphological Studies. *Journal of Cluster Science*. 10.1007/s10876-020-01759-x.
- 2020 Current Update on Natural Agents Against Triple Negative Breast Cancer. 10.4018/978-1-7998-2094-9.ch005.
- 2019 Extraction of elastin from tannery wastes: A cleaner technology for tannery waste management. *Journal of Cleaner Production*. 118471. 10.1016/j.jclepro.2019.118471.
- 2019 Enhanced Tissue Regeneration Using an Nano- Bioactive Scaffold- A Novel Perspective. *Materials Chemistry and Physics*. 240. 122303. 10.1016/j.matchemphys.2019.122303.
- 2019 Eco-friendly curing of hides/ skins using phyto based Citrus limon leaf paste. *Journal of Cleaner Production*. 247. 119117. 10.1016/j.jclepro.2019.119117.
- 2019 Enhanced Tissue Regeneration Using an Nano- Bioactive Scaffold- A Novel Perspective. *Materials Chemistry and Physics*. 240. 122303. 10.1016/j.matchemphys.2019.122303.
- 2019 Extraction of elastin from tannery wastes: A cleaner technology for tannery waste management. *Journal of Cleaner Production*. 118471. 10.1016/j.jclepro.2019.118471.
- 2019 Extraction of cellulose from renewable resources and its application in Leather finishing. *Journal of Cleaner Production* 230 (2019) 694-699..
- 2019 Extraction of cellulose from renewable resources and its application in leather finishing.

- Journal of Cleaner Production. 230. 10.1016/j.jclepro.2019.04.401.
- 2019 Efficacy of mycosynthesized silver nanoparticles from *Earliella scabrosa* as an in vitro antibacterial and wound healing agent.. IET Nanobiotechnology. 13. 10.1049/iet-nbt.2018.5237.
- 2018 Preparation of absorbable surgical suture: Novel approach in biomedical application. Journal of Drug Delivery Science and Technology 47 : 454–460.
- 2018 Purification, characterization, molecular modeling and docking study of fish waste protease. International Journal of Biological Macromolecules 118, 569–583
- 2018 Antimicrobial, mechanical, barrier, and thermal properties of bio-based poly (butylene adipate-co-terephthalate) (PBAT)/Ag₂O nanocomposite films for packaging. Polymers for Advanced Technologies 29 (1), 61-68.
- 2018 Ethiopian plant material for preservation of goat skins: Approach for cleaner leather manufacture Journal of Cleaner Production. Journal of Cleaner Production
- 2017 Ethiopian plant material for preservation of goat skins: Approach for cleaner leather manufacture Journal of Cleaner Production. Journal of Cleaner Production
- 2016 Ethiopian plant material for preservation of goat skins: Approach for cleaner leather manufacture Journal of Cleaner Production. Journal of Cleaner Production
- 2016 Photocatalytic and antimicrobial activities of zinc ferrite nanoparticles synthesized through soft chemical route: A magnetically recyclable catalyst for water/wastewater treatment. Journal, Volume 4, Issue 3, September 2016, Pages 2706–2712
- 2016 De-oiled neem cake as potential bio-additive for low-salt raw skin preservation: a process for salinity reduction in tanneries. International Journal of Environmental Science and Technology. June 2016, Volume 13, Issue 6, pp 1563–1572
- 2016 Purification and Reuse of Contaminated Sodium Chloride Obtained from Tanneries for Raw Goat Skin Preservation. Journal- American Leather Chemists Association. 111(2):62-68
- 2016 Extraction and characterization of wax from *Saccharum spontaneum* L. Der Pharmacia Lettre, 2016, 8 (2):387-392
- 2016 Value addition of fish waste in the leather industry for dehairing. Journal of Cleaner

Production, Volume 118, 1 April 2016, Pages 179–186.

- 2016 Preservation of goatskin using *Tamarindus indica* leaf extract – green process approach. *Journal of the Society of Leather Technologies and Chemists* 05/2015; 99(3):107-114.
- 2016 Synthesis, characterization and antibacterial studies of silver nanoparticles using *Lactobacillus plantarum*. *World Journal of Pharmaceutical Research*, Volume 4, Issue 8, 1757-1773
- 2016 Antibacterial, antioxidant and ant proliferative activities of solvent extracts of *Tiliacora acuminata*. *International Journal of Pharmacy and Pharmaceutical Sciences (Innovare Academic Sciences)*, ISSN- 0975-1491 Vol 6, Issue 9,398-403
- 2015 Studies on Decolourisation of Acid Blue 113 Using *Staphylococcus aureus* and *Escherichia coli* Isolated From Tannery Wastewater (2015). *International Journal of Innovative Research in Science, Engineering and Technology*, Vol. 4, Issue 3, 983
