

Dr. R. Palani Publications

1. Treatment of tannery effluent using a rotating disc electrochemical reactor R Palani, A AbdulGani, N Balasubramanian Water Environment Research 89 (1), 77-85 12, 2017
2. Carbon dioxide capture by adsorption using sulfur doped carbon material G Thayanidhi, R Palani, N Meyyappan, R Parthiban, 2016
3. Flow dynamics and mass transfer studies in a tubular electrochemical reactor with a mesh electrode DS Ibrahim, C Veerabahu, R Palani, S Devi, N Balasubramanian Computers & Fluids 73, 97-103,29.2013
4. Electrochemical treatment of Methyl Orange dye wastewater by rotating disc electrode: optimisation using response surface methodology R Palani, N Balasubramanian Coloration Technology 128 (6), 434-439,7, 2012
