8. Daniel paul.T, Ruskin Samuel, Anand.N and Prince Arulraj G., “Experimental Investigation on Stress strain behaviour of concrete subjected to Elevated temperature by Standard fire”, *International Journal of Civil Engineering and Technology (IJCIET)*, ISSN: 0976-6316, Volume- 9, Issue 10, pp 1676-1685 (Scopus)
9. Alwyn varughese, Jasper Selva Samuel, Anand.N and Prince Arulraj G., “Studies on behaviour of fire affected fibre reinforced concrete”, *International Journal of Civil Engineering and Technology (IJCIET)*, ISSN: 0976-6316, Volume- 9, Issue 10, pp 1668-1675 (Scopus)

10. Diana Andrushia, Anand.N and Antony Godwin., “Analysis of edge detection algorithms for concrete crack detection”, International Journal of Mechanical Engineering and Technology (IJMET), ISSN: 0976-6340, Volume- 9, Issue 11, pp 689-695 (Scopus)
11. Alwyn varughese, Anand.N and Prince Arulraj G., “Investigation on impact strength of fibre reinforced concrete subjected to elevated temperature”, International Journal of Innovative Technology and Exploring Engineering (IJITEE), ISSN: 2278-3075, Volume- 8, Issue 4, pp 1668-1675 (Scopus)
12. Alwyn varghese, Anand N, Prince Arulraj G., and Johnson Alengaram “Influence of Fibers on Bond Strength of Concrete Exposed to Elevated Temperature”, International Journal of Adhesion Science and Technology (Taylor and Francis publications), DOI 10.1080/01694243.2019.1602889, ISSN: 1568-5616 (SCI– Impact Factor 1.039)
13. Daniel paul.T, Anand N and Prince Arulraj G., “Experimental investigation of mechanical properties and physical characteristics of concrete under standard fire exposure”, Journal of Engineering Design and Technology (Emerald publications), DOI 10.1108/JEDT-09-2018-0159, ISSN: 1726-0531 (Scopus)
14. Daniel paul.T, Anand N and Prince Arulraj G., “Post Fire Damage Assessment and Capacity based Modeling of Concrete Exposed to Elevated Temperature”, International Journal of Damage Mechanics (SAGE publications), Accepted for publication (SCI– Impact Factor 1.7)

International Conference

1. Jayalin D, Anand N and Justin S., “Studies on Behaviour of Tall Buildings with Flexible and Rigid Diaphragm Subjected to Seismic Forces” Proceedings of National Conference on Latest Advances in Civil Engineering for Sustainable Development (LACE 2014), SNS College of Technology, Coimbatore , April 10, 2014, pp 94-104
2. Anand N, Josiah Varughese, Kavinraj P and Prince Arulraj G, “Analytical Investigation on Behaviour of Fire Affected RCC Beams Retrofitted with Different Fibres”, Proceedings of the International conference on Advances in Sustainable materials and Innovative Technologies in Civil Engineering” ICASMITCE, Nehru Institute of Technology, December 05-06, 2014, Coimbatore, pp.37–43
3. Anand N, Vinoth S, Antony Godwin I and Prince Arulraj G, “Studies on Impact strength of Concrete with Nano Materials under Elevated Temperature”, Proceedings of the Second International Conference on Nanostructured Materials and Nanocomposites (ICNM 2014) 19-21 December 2014 at Mahatma Gandhi University, Kottayam, Kerala, India, pp.151
4. Antony Godwin I, Anand N and Prince Arulraj G., “Analytical Investigation on the Influence of Mineral Admixtures in Self Compacting Concrete Under Elevated Temperature” Proceedings of National Conference on Latest Advances in Civil Engineering for Sustainable Development (LACE 2015), SNS College of Technology, Coimbatore , March 31, 2015, pp 121-130
5. Preethy Dharanya Y, Srinivas V and Anand N, “Studies on Nonlinear Vibrational Characteristics of RCC Beams”, Proceedings of the International Conference (MULTICON 2015) 29-30 April 2015 at Muthayammal Engineering College, Namakkal, Tamilnadu, India, pp.418-426
6. Preethy Dharanya Y, Srinivas V and Anand N, “Studies on Nonlinear Vibrational Characteristics of RCC Beams”, Proceedings of the International Conference on Emerging Trends in Engineering Research (IAETSD 2015) 22 March 2015 at Chennai, Tamilnadu, India, pp.219-232
7. Antony Godwin I, Anand N, Prince Arulraj G and Aravindan C., “Influence of Mineral Admixture on Stress Strain Behaviour of Self-Compacting Concrete under Elevated Temperature” Proceedings of International Conference on Sustainable Technologies in Building and Environment (ICSTBE 2015), Satyabama university, Chennai , July 15-17, 2015, pp 144
8. Samlal Isravel, Anand , Antony Godwin and Prince Arulraj ., “Analytical Investigation on Thermal Behaviour of Beams Exposed to High Temperatures” Proceedings of International Conference on Emerging and Sustainable Technologies for Infrastructure Systems (ESTIS 2016), Amrita University, Coimbatore , July 22-23, 2016, pp 40
9. Nisha, Suresh, Antony Godwin, Anand and Prince Arulraj., “Studies on Compressive Strength of Concrete with Nano Materials under Elevated Temperatures” Proceedings of International Conference

on Emerging and Sustainable Technologies for Infrastructure Systems (ESTIS 2016), Amrita University, Coimbatore , July 22-23, 2016, pp 66
