Feature extraction using CMIM for sentiment analysis	Madhusudhanan, B., Chitra, S., Anbuchelian, S.	2019	International Journal of Advanced Intelligence Paradigms 13(3-4), pp. 368-381
Performance of Sentimental Analysis by Studying and Mining Social Media using Parsing Technique	Sowmya, C.M., Deena, S., Anbuchelian, S.	2018	Proceedings of the 2nd International Conference on Green Computing and Internet of Things, ICGCIoT 2018 pp. 294-299
Efficient and secure auditing scheme for privacy preserving data storage in cloud	Anbuchelian, S., Sowmya, C.M., Ramesh, C.	2017	Cluster Computing pp. 1-9
A delay tolerant routing using cuckoo search for health care management using wireless sensor network	Anbuchelian, S., Sowmya, C.M.	2017	Research Journal of Biotechnology 2017(Special Issue 2), pp. 1-7
Improving security in Wireless Sensor Network using trust and metaheuristic algorithms	Anbuchelian, S., Lokesh, S., Baskaran, M.	2016	2016 3rd International Conference on Computer and Information Sciences, ICCOINS 2016 - Proceedings pp. 233-241
Load balanced energy efficient data aggregation technique for wireless sensor network	Anbuchelian, S., Sekar, A.C.	2016	Sensor Letters 14(12), pp. 1222-1226
An energy efficient multipath routing scheme by preventing threats in Wireless Sensor Networks	Anbuchelian, S., Selvamani, K., Chandarasekar, A.	2014	Canadian Conference on Electrical and Computer Engineering
A hybrid framework of intrusion detection system for resource consumption based attacks in wireless ad-hoc networks	Selvamani, K., Anbuchelian, S., Kanimozhi, S., Elakkiya, R., Bose, S., Kannan, A.	2012	2012 International Conference on Systems and Informatics, ICSAI 2012 pp. 8-12
