

Dr.Karunanithi.K
Associate Professor
Department of EEE
Vel Tech University

Title	Year
Application of DEA to Sub Station Expansion Planning VM S. Saravanan, K.Karunanithi, P.Duraipandy Journal of Critical Reviews 7 (14), 2614-2621	2020
SIMULATION AND ESTIMATION OF OPTIMUM STORAGE CAPACITY OF AN INDIAN POWER SYSTEM SK K.Karunanithi, S. Saravanan, K.Rajesh, V.Magesh Solid State Technology 63 (2), 829-838	2020
Application of DE for least cost GEP with Solar power plant K Karunanithi, K Rajesh, S Saravanan, V Mahesh TEST Engineering and Management 2 (11), 7623-7628	2020
A Novel Topology for Bidirectional Converter with High Buck Boost Gain S Saravanan, K Karunanithi, S Pragaspathy Journal of Circuits, Systems and Computers	2020
Fuzzy logic control of two switch & three switch serial input interleaved forward converters R Lakshmi, K Karunanithi, PC sekar Indonesian journal of electrical engineering and computer science 16 (1 ...	2019
Empirical Analysis of Medium and High Voltage Stabled Multi-Level Inverter Circuit Design Strategies G Gnaneshkumar, K Karunanithi Journal of advanced research in dynamical and control systems 10 (7), 1618-1624	2019
Analysis and implementation of three and two switch inter leaved forward converters R Lakshmi, K Karunanithi Journal of advanced research in dynamical and control systems 11 (8), 78-85	2019
Analysis Of Effect Of Demand And Supply Side Management On Environmental Pollution For An Indian Power Sec K Karunanithi, S Saravanan, K Rajesh INTERNATIONAL JOURNAL OF SCIENTIFIC & TECHNOLOGY RESEARCH 8 (11), 1416-1419	2019
Generation Expansion Planning for Telangana State Power System M Rasukutti, S Divya, K Karunanithi Proceedings of International Conference on Energy Efficient Technologies for ...	2018
Optimal Location of Phasor Measurement Unit Using Ant Colony Optimization Under Contingency S Saravanan, P Duraipandy, K Karunanithi Proceedings of International Conference on Energy Efficient Technologies for ...	2018
INTEGRATED STRATEGIES FOR LOAD DEMAND MANAGEMENT IN THE STATE OF TAMIL NADU J BOOMA, K MAHADEVAN, K KARUNANITHI, S KANNAN Journal of Electrical Engineering 18 (4)	2018
ANALYSIS OF PERFORMANCE FACTORS OF AN INDIAN POWER SYSTEM FOR DIFFERENT DEMAND GROWTH SCEN S Saravanan, K Karunanithi, M Rasukkutti Journal of Electrical Engineering 18 (4)	2018
A Noval Approach Transmission expansion planning By Using Different Algorithms like GA, BFOA and AIS S Prakash, K Karunanithi Jour of Adv Research in Dynamical & Control Systems 10 (02), 1848-1856	2018
Reliability and Environmental Pollution Analysis of an Indian Power Sector in 2016	

K.Karunanithi, S.Saravanan, Duraipandy, P International Journal of Pure and Applied Mathematics 118 (24)	2018
Forecasting of electric energy consumption in Agriculture sector of India using ANN Technique S Saravanan, K Karunanithi International Journal of Pure and Applied Mathematics 119 (10), 261-271	2018
Renewable Energy Penetration and Its Impact on Reliability—A Case Study of Tamil Nadu B Jayapalan, M Krishnan, K Kandasamy, K Subramanian Journal of Computational and Theoretical Nanoscience 14 (8), 4036-4044	2017
Hybrid renewable energy sources (HRES)—A review MS Pranav, K Karunanithi, M Akhil, SS Vanan, VM Afsal, A Krishnan 2017 International Conference on Intelligent Computing, Instrumentation and ...	2017
Integration of Demand and Supply Side Management strategies in Generation Expansion Planning K Karunanithi, S Saravanan, BR Prabakar, S Kannan, C Thangaraj Renewable and Sustainable Energy Reviews 73, 966-982	2017
Estimation of India's energy demand using artificial immune system S Saravanan, S Amosedinakaran, K Karunanithi, N Bhoopal 2017 International Conference on Intelligent Computing and Control Systems ...	2017
Investigation and control of chaos in DC-DC noel converter using slope compensation method S Sundaramoorthi, K Karunanithi, S Saravanan, S Praveenkumar 2017 IEEE International Conference on Intelligent Techniques in Control ...	2017
Prediction of India's electricity consumption in industrial sector suing soft computing techniques S Saravanan, K Mahesh, K Karunanithi ICPCSI, 1990-1994	2017
WASP-IV based Generation System Reliability Indices Evaluation for Tamil Nadu Power Grid for the 2016, J.Booma, K.Karunanithi, K.Mahadevan , S.Kannan 2nd International Conference on Emerging Trends in Science ...	2017
Effects of Pumped Storage System on Generation Capacity Expansion Planning, J.Booma, K.Karunanithi, K.Mahadevan , S.Kannan ICIEICE'17 First International Conference on Innovations in ...	2017
"Prediction of India's Electricity Consumption in Industrial Sector Using Genetic Algorithm and Differential Evolut S.Saravanan, K.Karunanithi, S.Kannan , C.Thangaraj Second Indo-Brazil International Conference on Advanced Materials ...	2017
"Generation expansion planning towards sustainable energy development using LEAP" Rasukutti M, K.Karunanithi, S.Saravanan international conference on telecommunication, power analysis and ...	2017
"Predicting India's Domestic Sector Electricity Consumption: A Comparison of Genetic Algorithm and Differential S.Saravanan, S.Amosedinakaran, K.Karunanithi International Journal of Engineering Science and Technology (IJEST 9 (6 ...	2017
"A survey on: De-speckling Methods of SAR image", M.Kalaiyarasi, S.Saravanan, K.Karunanithi IEEE, International Conference on Control, Instrumentation ...	2016
"Reliability analysis of restricted and unrestricted demand for TN power grid for the year 2014 using WASPIV" SK J.Booma, K.Karunanithi, K.Mahadevan International journal of future innovative science and engineering ...	2016
Analyzing Reliability of Tamil Nadu Power Grid for Year 2015 Using WASP-IV B Jayapalan, K Kandasamy, M Krishnan, K Subramanian
