| TITLE | YEAR |
|---|------|
| Average Information based Spectrum Sensing for Cognitive Radio CG Priya, SS Sri, M Renganayagi, TM Varsha 2019 International Conference on Communication and Signal Processing (ICCSP ... | 2019 |
| Licensed Shared Access Technique for 5G Wireless Communication Systems: A Review MS Mercy, CG Priya, RB Merlin 2018 2nd International Conference on Trends in Electronics and Informatics ... | 2018 |
| Study on Wireless Sensor Networks–A Comprehensive Approach S Thilagavathi, CG Priya 2018 International Conference on Communication and Signal Processing (ICCSP ... | 2018 |
| Hidden Markov Model based channel selection framework for cognitive radio network DCGP Senthilkumar. S Computers & Electrical Engineering 65, 516-526 | 2018 |
| Design of efficient massive MIMO for 5G systems—Present and past: A review M Ramesh, CG Priya, VAA Ananthakirupa 2017 International Conference on Intelligent Computing and Control (I2C2), 1-4 | 2017 |
| A review of channel estimation and security techniques for CRNS S Senthilkumar, CG Priya Automatic Control and Computer Sciences 50 (3), 187-210 | 2016 |
| Beamforming-based feature extraction and RVM-based method for attacker node classification in CRN S Senthilkumar International Journal of Communication Systems 8 (29), 1420-1438 | 2016 |
| Performance of SISID Algorithm for LTE Channel models DCG Priya Journal of Advances in Computer Networks 4 (1), 1-5 | 2016 |
| Multiple Fractional Frequency Offset Estimation in LTE System CG Priya 2015 AASRI International Conference on Circuits and Systems (CAS 2015) | 2015 |
| Power Allocation For Phased Mimo Radar geetha priya Australian Journal of Basic and Applied Sciences 9 (5), 327 – 333 | 2015 |
| Wideband Spectrum Sensing To Detect the Number of Occupied Subbands Using Gerschgorin Radii in Cognitive Radio geetha priya International Journal of Applied Engineering Research 10 (55), 449-452 | 2015 |
