

Dr. S. Rathi
Professor (CAS)
Computer Science and Engineering
Government College of Technology

Title
Priority and interference aware multipath routing based communications for extreme surveillance systems T Murugeswari, S Rathi Computer Communications 150, 537-546
An intensive study on precision agriculture: Crop yield production RS Suvithavani P Journal of the faculty of Agronomy 35 (2), 263-279
QOS distributed routing protocol for mobile ad-hoc wireless networks using intelligent packet carrying systems RS Murugeswari T International Journal Design Automation for Embedded Systems 3 (5), 212-223
Malware: An Analysis of IOT Device Hijacking RS M. Shobana International Journal of Scientific Research in Computer Science ...
A Survey on reducing semantic gap in Content Based Image Retrieval System RS Sathya N International Journal of Advanced Studies in Computer Science and ...
Survey on Human Activity Prediction from Unfinished Video RS Pavithra P International Journal on Recent trends in Engineering and Research 4 (3 ...
A Survey on Detecting License Plates from Low Quality Images RS Neeraja S International Journal of Computer Applications 180 (27), 9-15
Real Time Indoor CO2 Monitoring and Control System Using wireless Sensor Networks RS Selvamathi A International Journal of Scientific & Engineering Research 8 (5), 122-127
An IOT based Smart Irrigation System RS Priyadharsnee.K International Journal of Scientific & Engineering Research 8 (5), 44-51
Detection of selfish Nodes in MANET-a survey N Ramya, S Rathi 2016 3rd International Conference on Advanced Computing and Communication ...
Improved efficient of QOS aware geographic opportunistic routing in Wireless Sensor Networks MT Rathi S APRN journal of engineering and applied sciences 10 (9), 3920-3923
Energy efficient spectrum handoff mechanism to improve the QOS in Cognitive Radio Networks RS Murugeswari T International Journal of Applied Engineering Research 10, 8953 – 8957
