PUBLICATION DETAILS

Corrosion performance of friction stir welded AA2024 aluminium alloy under salt fog conditions
R Seetharaman, V Ravisankar, V Balasubramanian
Transactions of Nonferrous Metals Society of China 25 (5), 1427-1438, 2015.

Effect of tool shoulder diameter on stir zone characteristics of friction stir welded HSLA steel joints; SR Nathan, V Balasubramanian, S Malarvizhi, AG Rao
Transactions of the Indian Institute of Metals 69 (10), 1861-1869, 2016

A study of frictional wear behavior of Ti6Al4V and UHMWPE hybrid composite on TiN surface for bio-medical applications; I Saravanan, AE Perumal, V Balasubramanian
Tribology International 98, 179-189

Effect of tool tilt angle on strength and microstructural characteristics of friction stir welded lap joints of AA2014-T6 aluminum alloy
C Rajendran, K Srinivasan, V Balasubramanian, H Balaji, P Selvaraj
Transactions of Nonferrous Metals Society of China 29 (9), 1824-1835, 2019

An investigation on metallurgical characteristics of tungsten based tool materials used in friction stir welding of naval grade high strength low alloy steels
SR Nathan, V Balasubramanian, S Malarvizhi, AG Rao
International Journal of Refractory Metals and Hard Materials 56, 18-26, 2016

The effect of pin profiles on the microstructure and mechanical properties of underwater friction stir welded AA2519-T87 aluminium alloy; SS Sabari, S Malarvizhi, V Balasubramanian
International Journal of Mechanical and Materials Engineering 11 (1), 5, 2016

Electrochemical corrosion behaviour of stir zone of friction stir welded dissimilar joints of AA6061 aluminium–AZ31B magnesium alloys; RK Jayaraj, S Malarvizhi, V Balasubramanian
Transactions of Nonferrous Metals Society of China 27 (10), 2181-2192, 2017

Failure analysis of tungsten based tool materials used in friction stir welding of high strength low alloy steels; SR Nathan, S Malarvizhi, V Balasubramanian, AG Rao
Engineering Failure Analysis 66, 88-98, 2016

Tensile and impact toughness properties of various regions of dissimilar joints of nuclear grade steels; K Karthick, S Malarvizhi, V Balasubramanian, SA Krishnan, G Sasikala, ...
Nuclear Engineering and Technology 50 (1), 116-125, 2018
