1. Classification of Selective and Non Selective EEG Using Selective Information National Academy Science Letters

   2018 | journal-article DOI: 10.1007/s40009-018-0629-y EID: 2-s2.0-85053545040

2. Performance comparison of different passive methods for the detection of islanding condition in grid consorted PV system
   ARPN Journal of Engineering and Applied Sciences

   2018 | journal-article EID: 2-s2.0-85040552211

3. Human prefrontal cortex data analysis for artificial arm movements
   Far East Journal of Electronics and Communications

   2016 | journal-article DOI: 10.17654/EC03010113 EID: 2-s2.0-84968779392

4. Improving electrical power efficiency of solar PV system under different modes of circulation by circulating fluid International Journal of Control Theory and Applications
   2016| journal-article EID: 2-s2.0-85007086246

5. Dc motor speed control using fuzzy PID controller International Journal of Applied Engineering Research

   2015 | journal-article EID: 2-s2.0-84937933606
