TITLE	CITED BY	YEAR
Disease Prediction using Hybrid Optimization Methods based on Tuning Parameters M Anbarasi, KSS Kumar, R Balamurugan 2020 10th International Conference on Cloud Computing, Data Science …		2020
Radial movement optimization (RMO) technique for solving unit commitment problem in power systems M Vanithasri, R Balamurugan, L Lakshminarasimman Journal of Electrical Systems and Information Technology 5 (3), 697-707	8	2018
Implementation of Radial Movement Optimization (RMO) Algorithm for Solving Economic Dispatch and Fixed Head Hydrothermal Generation Scheduling M Vanithasri, R Balamurugan, L Lakshminarasimman Classical and Recent Aspects of Power System Optimization, 63-97		2018
A novel hybrid symbiotic organism search for solving generator maintenance scheduling in a power system G Balaji, R Balamurugan, L Lakshminarasimman Global Journal of Research In Engineering	1	2017
Water wave optimization algorithm for solving multi-area economic dispatch problem L Lakshminarasimman, M Siva, R Balamurugan International Journal of Computer Applications 167 (5), 19-27	5	2017
Stud Krill herd Algorithm for multiple DG placement and sizing in a radial distribution system SA ChithraDevi, L Lakshminarasimman, R Balamurugan Engineering Science and Technology, an International Journal 20 (2), 748-759	~~68~~	2017
Stud Krill herd Algorithm for multiple DG placement and sizing in a radial distribution system SA ChithraDevi, L Lakshminarasimman, R Balamurugan Engineering Science and Technology, an International Journal 20 (2), 748-759	68	2017
Modified radial movement optimization (MRMO) technique for estimating the parameters of fuel cost function in thermal power plants M Vanithasri, R Balamurugan, L Lakshminarasimman Engineering Science and Technology, an International Journal 19 (4), 2035-2042	~~18~~	2016
Modified radial movement optimization (MRMO) technique for estimating the parameters of fuel cost function in thermal power plants M Vanithasri, R Balamurugan, L Lakshminarasimman Engineering Science and Technology, an International Journal 19 (4), 2035-2042	18	2016
Mathematical approach assisted differential evolution for generator maintenance scheduling G Balaji, R Balamurugan, L Lakshminarasimman International Journal of Electrical Power & Energy Systems 82, 508-518	27	2016

TITLE	CITED BY	YEAR
Fuzzy clustered multi objective differential evolution for thermal generator maintenance scheduling G Balaji, R Balamurugan, L Lakshminarasimman Int. J. Intell. Eng. Syst 9 (1), 1-13	11	2016
Water Wave Optimization Algorithm for Solving Combined Economic And Emission Dispatch Problem M Siva, R Balamurugan, L Lakshminarasimman Journal of Engineering & Applied Sciences 12 (6), 1730-1741	1	2016
Water wave optimization algorithm for solving economic dispatch problems with generator constraints M Siva, R Balamurugan, L Lakshminarasimman International Journal of Intelligent Engineering and Systems 9 (4), 31-40	6	2016
Optimal Placement and Sizing of DGs in the Distribution System for Loss Minimization and Voltage Stability Improvement using CABC M Natarajan, R Balamurugan, L Lakshminarasimman International Journal on Electrical Engineering and Informatics 7 (4), 679	7	2015
Optimal location and sizing of real power DG units to improve the voltage stability in the distribution system using ABC algorithm united with chaos N Mohandas, R Balamurugan, L Lakshminarasimman International Journal of Electrical Power & Energy Systems 66, 41-52	125	2015
Foundation of Computer Science (FCS), NY, USA N Mohandas, R Balamurugan, L Lakshminarasimman		2015
Generator maintenance scheduling in a deregulated environment using hybrid differential evolution algorithm G Balaji, R Balamurugan, L Lakshminarasimman ARPN Journal of Engineering and Applied Sciences 10 (22)	2	2015
Reliability based Generator Maintenance Scheduling using Integer Coded Differential Evolution Algorithm G Balaji, R Balamurugan, L Lakshminarasimman International Journal of Computer Applications 131 (6), 27-38	2	2015
Application of shuffled frog leaping algorithm for economic dispatch with multiple fuel options R Balamurugan 2012 International Conference on Emerging Trends in Electrical Engineering …	6	2012
Differential Evolution with Control Parameters Pool for Economic Dispatch including Multiple Fuels and Valve Point Effects R Balamurugan		2012
