Name   :   Dr. S.Ilangovan
Designation   :   Associate Professor 1
Department   :   Information Technology
Area of
Research   :   Cloud Computing
Address   :   KLN College of Engineering, Pottapalayam, Sivagangai District
Phone   :   ---
Mobile   :   9976835118
Email   :   ilangovans@yahoo.com

Publications:

1) **Ilangovan, S** & Vincent Antony Kumar, A , 'Effective and efficient ranking and re-ranking feature selector for healthcare analytics' International Journal of Intelligent Automation & Soft Computing,2019

2) **Ilangovan, S** & Vincent Antony Kumar, A , 'A hybrid feature selection method for effective data classification in data mining applications',International Journal of Grid and High Performance Computing (IJGHPC),2019

3) **Ilangovan, S** & Vincent Antony Kumar, A, 'Improving medical diagnosis performance using hybrid feature selection via relief and entropy based genetic search (RF-EGA) approach: Application to breast cancer prediction', Cluster Computing, The Journal of Networks, Software Tools and Applications (Springer),2018

4) **Ilangovan**, S & Vincent Antony Kumar, A , 'Improving classifier performance using genetic feature selector for effective data classification', International Journal of Advancements in Computing Technology,2017

5) **Ilangovan**, S & Vincent Antony Kumar, A,'Comparison of Feature Ranking Methods for Effective Data Classification', World Applied Sciences Journal,2016
